Six years after the fall of Darth Vader and the Emperor in *Return of the Jedi*, a New Republic has been formed, but the galaxy is not yet safe. The Empire has been mysteriously reborn under an unknown leader wielding a new weapon of great power. Princess Leia and Han Solo struggle to hold together and defend the New Republic while the galaxy's savior, Luke Skywalker, fights an inner battle as he is drawn to the dark side, just as his father was.

It is a struggle that will set Luke on a quest to rebuild the Jedi Order — and himself. But even as Skywalker searches the galaxy for Jedi who might have escaped the Purge at the end of the Clone Wars, another battle looms, for the Imperial war machine is readying for another fight. And this time, the dark power behind the resurgent Empire has its sights set on a new target: Han and Leia's newborn child! If this new plan is successful, the galaxy will surely be plunged into a new dark age.

Only the strength of the Jedi and the parents' courage can overcome the power of the dark side.
